

the 24-seven collection

As its name suggests, the 24-seven is designed to work 24 hours a day, seven days a week. Its durability is matched by its ease of adjustment, comfort and flexibility. A chair for all users, shifts and tasks, the 24-seven collection's IU & IUHD models - built to get the job done, no matter how long it takes.

Turn-lock footing: Adjust the height by gripping the outer ring and rotating. Turn clockwise to tighten, counter-clockwise to loosen (standard on all IU and IUHD series stools)

Chrome-plated stool cylinder. (10" standard on IU55 & IU73. 7" standard on IU77HD)

Heavy-duty metal base with powder-coated titanium color finish (standard feature on all IU & IUHD series models)

Larger-sized 60mm dual-wheel, hoodless casters

JRPD arms with new Durasoft armpads

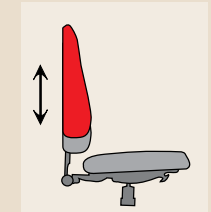

Office Master JRPD arms fold away to allow seating flexibility. Coupled with the new extra-durable, but soft-to-the-touch Durasoft armpads, this is a winning combo that's tough to beat (new option on all chairs qualified for Group 1 Arms).

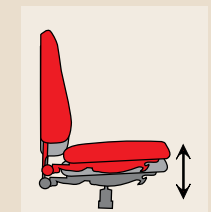

24 the 24-seven collection multi-shift seating

IU & IUHD collection common features

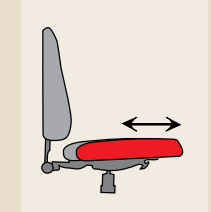

see interior pages for model-specific, unique features

EZ back height adjustment

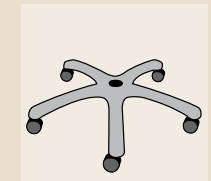

Pneumatic seat height adjustment

Automobile-style sliding seat adjustment

Knobless Turn-lock Footring adjustment

HD metal base with ultra-sturdy yet modern design

Office Master Chairs

From great designs to the full range of options, such as specialized casters, and fully adjustable arms and controls, your working environment's ergonomic health is Office Master's specialty. Please consult your seating specialist or an Office Master representative for further details and recommendations. Office Master... how can we help you?

IU54 – IU58

- IU54 – IU58 Unique Features:**
- Fabric Panel Back (standard)
 - Independent Seat and Back Adjustability
 - 10" chrome cylinder standard on IU55 (7" cylinder optional)

IU55 (shown with optional JR77 arms)

IU54 (shown with optional JR77 arms)

IU58

Tried, tested and true... the IU54, IU55, and IU58 each have a long-standing record of long-lasting performance.

IU72 – IU76

- IU72 – IU76 Unique Features:**
- Independent Seat and Back Adjustability
 - PT Value Line Family "look"
 - 10" chrome cylinder standard on IU73 (7" cylinder optional)

IU72 (shown with optional KR32 arms)

IU73 (shown with optional KR32 arms)

Feel great and look great – the IU72, IU73 and IU76 each share a common design inspired by the steady-look PT family of chairs

IU76 (shown with optional KR200 arms)

intensive-use heavy-duty (IUHD): IU76HD – IU79HD

The IUHD series is perfect for combination seating environments that require 24-hour durability and heavy duty strength. A reinforced structure – heavy-use controls, bases and cylinders – combine with the familiar PT chair look, to allow the IUHD series to blend in, and at the same time, stand apart.

- IU76HD – IU79HD Unique Features:**
- Memory foam (standard across the IUHD collection)
 - HD structure featuring reinforced key components
 - PT Value Line family "look"
 - Standard 7" chrome cylinder on IU77HD (no 10" cylinder option)

IU76HD (shown with optional KR24 arms)

IU77HD (shown with optional KR24 arms)

IU79HD (shown with optional KR32 arms)
