Office Master, Inc. Receives 2008 Waste Reduction Awards Program (WRAP) Award...

Long Beach, California – October 22, 2008. Office Master, Inc., an ergonomic seating manufacturer based in Southern California announced today that it has been recognized by the California Integrated Waste Management Board as a winner of the 2008 Waste Reduction Awards Program (WRAP).

The WRAP award was established in 1993 as a method for recognizing the exceptional efforts of California businesses in reducing the amount of garbage and non-hazardous waste materials being sent to our landfills.

Past recipients of this notable award include: Coca-Cola North America, Apple, Inc., Kraft Foods Global, Inc. and PG&E.

As part of its long-standing commitment to the environment, Office Master, Inc. engages in a wide range of environmentally-conscious initiatives from reducing waste to re-using waste materials or more importantly, preventing its creation in the first place.

Office Master, Inc. congratulates its office staff and employees in their significant efforts leading to this prestigious recognition being achieved in the first year of participation.

About Office Master, Inc.

Office Master, Inc. was established in 1986 as a value-based ergonomic seating manufacturer. Over 22+ years Office Master, Inc. has evolved into the Smart Seating Solutions provider of a full line of seating.
